Proposition 1

Behavioral Health Transformation

In March 2024, California voters passed Proposition 1, a two-bill package to modernize the state's behavioral health care system, improve accountability and increase transparency, and expand the capacity of behavioral health care facilities for Californians.

Behavioral Health Services Act ([SB 326](#))

- » Reforming behavioral health care funding to provide services to those with the most serious mental illnesses and treat substance use disorders.
- » Expanding the behavioral health workforce to reflect and connect with California's diverse population.
- » Focusing on outcomes, accountability, and equity.

Behavioral Health Infrastructure Bond Act of 2024 (BHIBA) ([AB 531](#))

- » Funding behavioral health treatment beds, supportive housing, and community sites.
- » Directs funding for housing for veterans with behavioral health needs.

BHIBA and DHCS

The BHIBA portion is a \$6.38 billion general obligation bond to develop an array of behavioral health treatment, residential care settings, and supportive housing to help provide appropriate care facilities for individuals experiencing mental health and substance use disorders.

DHCS was authorized to award up to \$4.4 billion in BHIBA funds for BHCIP competitive grants. Of these funds, \$1.5 billion will be awarded only to counties, cities, and tribal entities, with \$30 million set aside for tribal entities.

Statewide Needs Assessment and Initiatives

DHCS Needs Assessment

1
